Brevard Zoo Debuts Second Round of Bold Murals

MELBOURNE, Fla., May 19, 2025 — Brevard Zoo is debuting its second round of Bold Murals this Memorial Day weekend with a new set of artists tackling the theme “They Thrive, We Thrive.” This exhibition features 13 new artists, all residents from Florida. Guests can watch the artists bring their large murals to life live before their eyes from May 24 to May 26.

Our theme invites both our artist cohort and our guests to reflect on the connection between individuals and nature.

"We are just ecstatic at the feedback we have received with our Bold Murals exhibition. It has been an honor to showcase the incredible talent we have here in Florida and to share their work with our visitors," said Andrea Hill, the Zoo's Director of Communications and Marketing.

Visitors can also enjoy several art-themed and educational activities around the Zoo over Memorial Day weekend. We're offering additional Zookeeper Chats throughout the park each day (Available Zookeeper Chats will change each day and times will be posted in the front of the Zoo) and opportunities to make your own art with natural elements, mini mural painting stations and more from 10 a.m. to 2 p.m.!

This limited-time exhibition is included with Zoo admission and will be available for viewing through September 21. This event is made free by the generous contributions of Florida Power & Light and Amazon.

###

Brevard Zoo is home to more than 900 animals representing 195 species from all over the world. As a not-for-profit organization, it is a leader in the fields of animal wellness, education and conservation. More information is available at www.brevardzoo.org
